Hi Kathryn,

We initially confirmed to the WRA, use of Taylor Maxwell - Fibre cement cladding panels in a sanded grey finish - 801004 (as per pic attached).

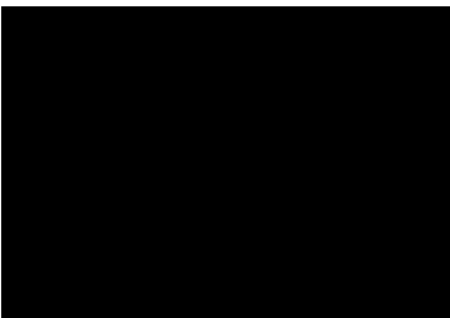

However, upon discussion with Taylor Maxwell, they do not supply in the low quantities required for this project, so we confirm use of the following:

SVK by Weinerberger - Puro plus panels in Natural Grey (brochure attached - P31) which are very similar in colour and texture, but can be sourced for a small residential project such as this.

Kind regards

David

Hi David,

Hope this email finds you well. This application has now been transferred over to me for determination, which is due over the next few days.

Would it be possible to get a link to the proposed cement fibre cladding system the applicant intends to use and an indication to the colour proposed.

Many thanks,

Kathryn Welch
