Subject: 8 Duncton Road - supporting evidence regarding parking

Dear Anita Gardner,

Ref: R/134/18/PL

Please find attached a picture I took this morning (19/07/2018).

This is the front of 8 Duncton Road, this is not unfamiliar for this property, but also please note parking in the area is extremely minimal and hard to find.

However this does not justify dangerous parking, the footpath for pedestrians is inexcusable, the vehicles have gained access to this property with out the use of a drop curb, but worst of all who or what could be coming around the corner - if a two story dwelling was built here please make note of this dangerous impact during building and afterwards! Who would be to blame if someone gets hurt one day? How is a disabled person ment to get past? As I drive past how on heart is anyone from Bignor close ment to see me and rise versa?

Kind regards
Lucy Linberry
