Dear David,

Please find attached drawing with the scales marked at 1:50 – apologies for the error

We are happy to agree the extension of time you require.

Regards

Dear Mr Lancaster,

I write in relation to the above planning application. I am in the process of completing my recommendation report in relation to this application and have noted that the scale shown on drawing number 16164_03 is incorrect. The scale is intended to be 1:50 (for the elevations) but currently the scale bar and drawing specifies the scale at 1:100.

I am hoping to complete my recommendation report today. But given the error present on the plan I would be grateful if you would provide written confirmation of your agreement to an extension of time until the **13th October 2017** to allow submission of an amended drawing. If additional time is required to amend the drawing please do not hesitate to contact me and we can set up an additional extension of time.

I apologise for the delay in the determination of this application. But as previously explained we are currently short staffed and this has had a knock on effect on our speed of determination.

Yours Sincerely,
David Easton
