Hi,

I'm confused, I supplied a local Authority drawing stating that it was tree T-36 (which is clearly marked on your drawing). "Are you asking for 3 copies of the same drawing?" Section 10 within the form clarified that only one set of forms was required for tree applications. The intended trim/shaping we thought would be stated officially by the planning office! However, to answer your question we don't intend to cut more than 2 meters all around. It's just a tidy-up. I'm about to go on holiday but should be back in time to complete more forms if you really need them.
