July 8th 2015 -

Dear Sir,

I understand that planning permission has been applied for by Mrs. & Mrs. Martin of 8 Thirt House, Budlow Garden, Buxington to have the railings of their balcony at that address replaced by glass and mild steel structure.

I am against this application on the grounds that the glass structure would look grossly out of place amongst balconies of mild steel and painted white. Well main-
tained the balconies look right and very nice all round this development.

Yours sincerely,

Arun District Council
Planning Officer -
