RECEIVED

Dear Sir/Madam

I am responding to your letter dated July 3rd 2015, relating to the replacement of balcony railings at 8. Flint House, Cudlow Garden. Whilst I appreciate that the railings are corroded & need replacing with new design ones of glass and steel, I would ask if the other balconies on Flint House and Hazel Lodge will also be replaced, otherwise the mix of styles will look rather odd. Considering the age of the balconies, I am sure it is worth considering replacing all the balconies in Cudlow Garden in due course.

Yours sincerely

P.S. I believe there are Blacksmiths in this area e.g. Slindon who possibly do this type of work! i.e. metal railings.

Dear Sirs

Planning Application – 8 Flint House, Cudlow Garden, Rustington

An application has been made for new balcony railings at the above property. I own one of the properties in Cudlow Garden and I am asked my views on the application. This morning I viewed the site.

As I do not live there, I do not think I can logically oppose the application. Nevertheless, I feel that what the applicants have in mind would be incongruous, bearing in mind that it would be at odds with all the other similar balconies in the development.

I feel that a little work on the existing structure would bear fruit. It has been neglected. Some sandpaper, rust killer and good paint would work wonders.

Yours faithfully

(Miss) JILLIAN S WILSON
