Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- [x] Yes
- [ ] No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Hip-to-gable loft conversion with rear dormer, resulting in additional roof space of less than 50 cubic metres (as permitted for detached/semi-detached houses under Schedule 2, Part 1, Class B.1(c) of the Town and Country Planning (General Permitted Development) (England) Order 2015, as amended), using materials of similar appearance to the existing dwellinghouse (per Class B.2(a)). The rear dormer is set back at least 0.2 metres from the eaves of the original roof (per Class B.2(b)), with no part of the enlargement higher than the highest part of the existing roof (per Class B.1(b)), and no verandas, balconies, or raised platforms (per Class B.1(f)). In conjunction, replacement of the existing flat roof on the single-storey rear extension with a pitched roof, lowering the eaves height from 2810mm to 2624mm and raising the ridge height to 3689mm above ground level (ensuring no exceedance of the main dwelling's roof height per Class B.1(b)), using matching materials (per Class B.2(a)), with no change to the extension's footprint or overall building height. No new access, hard-standings, enclosures, or drainage alterations beyond standard guttering/downpipes integrated into the existing system. The extension is approximately 3m from each side boundary, avoiding any adverse impact on neighbouring amenity or privacy (aligning with general PD principles).

Does the proposal consist of, or include, a change of use of the land or building(s)?

- [ ] Yes
- [x] No

Has the proposal been started?

- [ ] Yes
