Subject: R/145/21/PL

Dear Planning,

I refer to the above application for planning consideration.

I have considered the proposed application for variation of condition 5 following R/20/12/ relating to a change from 16 to 22 children. Environmental Health has some concerns regarding the proposed intensification of the existing use. The applicant doesn't appear to have considered the possibility of increased noise harming the adjacent residential properties and applying suitable noise mitigation measures.

With the above in mind, I recommend the proposed application be refused on account of noise.

I hope this helps.
