Subject: RE: R/14/18/T - Proposed Maintenance to TPO Tree & Bush rear garden of 12 Bushby Ave

Dear Mr John,

Thank you for your email.

Unfortunately we will still require that you confirm the exact species of the 'bushes' as annotated as B1 to ascertain whether or not they are protected by the tree preservation order.

We would suggest you ask your tree surgeon or another professional to confirm the species if you are not sure.

Many Thanks

Charlotte

Subject: R/14/18/T - Proposed Maintenance to TPO Tree & Bush rear garden of 12 Bushby Ave

Your Letter by email dated 29 January 2018

To confirm:

The proposal of intended work should be corrected to read:-

1. Crown Raise the TPO tree to 5.5-6mts over the carriageway and
2. Prune back the (NON TPO) bush to the north boundary if this bush requires planning approval.

1. The TPO Tree is located inside the rear garden of 12 Bushby Ave and outside the North Boundary of Waverley Road.

Update: Arun Planning advises the TPO Tree has reference R/1/15

2. The Garden Bush is overhanging the boundary is located adjacent to the TPO tree.

Both the TPO Tree and the Bush are overhanging the rear boundary over our land and the highway.
