12th August 2020

Dear Sir/Madam,

Erection of single storey extension at rear of Brambles, Hurst road.

This application is for a single storey extension to be added to an existing single storey room at the rear of the property. The area covered by the proposed extension is currently a patio area. The extension will not be visible from the road and is 1.4 m from a 1.8 m wooden fence between the Brambles and Hedge End properties.

The extension will have a flat roof to match the existing room and the tiled detail around the edge of the existing room will be continued around the proposed extension. The bricks will be chosen to match the existing building.

Drainage for the roof will be into the existing drainage system feeding into a soak away under the rear garden of the property.

I hope that the information I have uploaded to the planning portal is sufficient for you to come to a decision. If you require any additional information please contact me.

Regards,
Alan Craven
