Dear Mr. and Mrs. Drew,

Thank you for your emails dated 8th and 10th of September 2013.

The advertising of an application and the Officers Report ensures that the Application is accurately reported. Any allegations of "defamation" must be between you and the persons who made those alleged remarks because that is a private legal matter which the Council does not become involved in. After consulting with our legal department, it is considered that there are no defamatory remarks that appear on your file.

I trust that this information is of assistance to you.

Regards,

Damian Sullivan
Planning Officer
Arun District Council

for attention of damian sullivan

dear sir

We have noted two letters from the same person regarding our application objecting to something that we have not applied for, there are also very defamatory remarks based on there innacurate description of our application, these remarks are a pesonal attack on us and should not have been posted. we also note that the letters are very much out side of the consultation period.

we are dissapointed that they were put into the public domain considering there total innacuracy and the damaging nature of the remarks.

we would like them removed from the site with immediate effect, thank you, mr& mrs kl drew.
