Dear Mr Sullivan,

With reference to the proposed building application for Mr & Mrs K Drew of 8 Westmead East Preston.

I wish to record my objection to these extensions.

The pitched roofs at the West side of their property, thus being the East side of my property, will be very intrusive to:-

- ① Too near to my boundary fence line.
- ② my top floor bedroom, and 2 bathroom windows
- ③ also my lower bedroom and bathroom windows.

The present Lelandi trees are being removed to make room for the extension.

These bushes allowed for privacy to my front property and our viewing of their back garden.

They previously misled me regarding the height and size of the extensions, not mentioning the front, indicating more of a lower conservatory design of building from the kitchen area.

I purposely moved next to the bungalow providing privacy, and this should not be changed.

Thanking you,
Yours Faithfully,
