Dear Tony,
What about the size of the palm trees, the number and size of laurels on the site frontage and the bush on the site frontage? Can these details be confirmed please? They don't need to be indicated on plan, but I would appreciate conformation by e-mail which can then be added to the application.
Regards
Anita

Dear Tony,

I have today received the comments of the Landscape Officer. She has stated 'The information submitted in dwg 15/1091/02 rev C has not been supplied in sufficient detail. The landscape planting detail needs to be included in plan form with species choice and actual proposed plant numbers, densities and height at time of planting. The drawings submitted at present are lacking this detail. '

I would therefore appreciate receipt of this additional information and your agreement to an extension of time until 05-10-2018. If you do not agree to the extension of time by return and provide the additional information by 04-10-18 the application will be refused.

Regards
Anita Gardner
