Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: R/156/20/PL
Site Address: 31 Albert Road Rustington BN16 3JT
Description of works: Extension and alteration of existing residential dwelling and subdivision to form 2no. two bedroom residential dwellings, together with formation of new vehicular access and entrance drive.

Thank you for your internet representation made on 8th September 2020 which has been recorded as an objection with the comments as follows:

OWPC29471

I have resided in Mill Lane since 1976. As a resident, I am objecting to this application for several reasons: Albert Road has mainly bungalows on the side of the application. The skyline will be unacceptably compromised as well as the privacy of residents close to the site of the application. Mill Lane has become increasingly busy and is dangerous now. When trying to cross from the east side to walk down to the village it is hazardous at times. Any further growth of local traffic will be damaging. The sight line when moving from Albert Road to Mill Lane could jeopardise safe movement both for drivers and pedestrians especially children who cross to go to school. Drivers use Mill Lane far too quickly speeding up from each mini roundabout at the north and the south of Mill Lane. It is inappropriate to develop more at this location in an area that is already crowded. The size of the proposed build is not in keeping with the space. I object to the planning application on the grounds of overdevelopment.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments on the website. Please make sure that you have only provided information that you are happy will be published in this way. If you have supplied information belonging to a third party, you must make sure you have their permission to do so. If you do not wish your comments to appear on the website or on the file you will need to confirm this by emailing to planning@arun.gov.uk and I will arrange for it to be destroyed although this means that the content will then be disregarded.

The majority of applications are determined under delegated powers by officers. Further information on the decision making process can be found on the website at :<https://www.arun.gov.uk/planning-decision-process>.

Some applications will be determined by the Development Control Committee, and I shall write and inform you of the date of the meeting and the procedures for public speaking if this is the case. However, if your representation has been received after the agenda for the meeting has been finalised and the notifications have been generated, you will not receive notification. In this case, you will need to track the progress of the application on the council's website <https://www.arun.gov.uk/weekly-lists>

Any comments that are received after the agenda has been finalised will be separately reported to the members of the Development Control Committee.

Regardless of how the application is determined I will notify you of the decision.

Yours sincerely

Neil Crowther
Group Head of Planning

For details of how the Council will deal with your data please refer to our privacy notices on the website www.arun.gov.uk/planning-privacy-statements

If you have provided an email address, all correspondence including the decision notice will be sent by email. It is therefore important that you keep us informed if this changes during the course of this application.
