Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The property is a lawful dwelling house (Use Class C3) with established residential use. The window will proposal to a minor alteration (installation of a window) to this lawful building.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

The proposed works are considered lawful under the provisions of the Town and County planning (General Permitted Development) England Order 2015 (as amended), specifically Schedule 2, Part 1, Class A.
This allows for alterations to dwellinghouse, including the installation of windows, providing that no relevant restrictions (such as Article 4 Directions or planning conditions removing permitted development rights) apply.

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Is the proposed operation or use

☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposal involves the installation of a first- floor window in the side elevation of an existing lawful dwelling house. Under the Town and County Planning (General Permitted Development) England order 2015 (as amended) Schedule 2, Part 1, Class A permits alterations to a dwellinghouse, including the insertion of new windows, provided that no planning conditions or Artificial 4 Directions remove these rights. To the best of my knowledge,no such restrictions apply to this property. Therefore, the works constitute permitted development and a Certificate of lawfulness should be issued.

- ☒ Yes
☐ No

(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No
