Dear Planning,

In response to Chima Umunnakwe's email dated 02 August 2021, I thought I would answer the questions raised to help clarify the situation for you.

Firstly, and most importantly, I have the full support of both my neighbour's at number 59 and 54 (these are the two that connect to our property).

You will see this from the comments section, both have supported the proposal (with no objections).

Not only this but our property backs onto a Rustington Football and Cricket Field which is the responsibility of Rustington Parish Council and they too have made no objection.

The small cabin will be placed at the end of our garden which is at a dead end, with no buildings near to it at all.

I have been in the hairdressing industry for 34 years, I am tired of music that is too loud, I'm tired of busy salons.

As the years pass you know what you want and what you don't want.

What I have to offer my clients is something completely different.

I will be offering a very peaceful and relaxed environment, on a one-to-one basis (approx. 7/8 clients a day). That's if I'm lucky enough to be fully booked.

In terms of plant or equipment, the only thing that I will use that will give off any noise is a hairdryer. And if it were to please people even more, I use and own a Dyson hairdryer, if you have never used one, its quite something as you can hardly hear them! I can even have a normal conversation whilst drying my client's hair. They are remarkable.

That is the only source of noise I will be making, and with the doors shut, you won't even know I am there. As far as music is concerned it will be that of a simple small Alexa eco, the local radio for the back ground, nothing fancy and nothing more.

As far as my working hours they will be very reasonable.

I will be working 9-5 for 4 days of the week, and with no late evenings.

If you have any further queries, please get in touch.

Kind reargds,

B. Diprose
