Subject: RE: R/181/15/PL The Tiled Barn, Station Road

Dear Anita,

Please find attached revised site plan showing retention of T9 as requested. As I have already stated, I think a TPO is overkill given that it is already protected by the CA status. My client was not involved in the previous application for the removal of the other tree on the site.

The signed S106 should be with me in the next couple of days.

If there is anything else you require then please let me know.

Kind regards

Dawn

Dawn Appleton

Hi Dawn,

I have now received the comments of the tree officer which can be viewed on line. He is objecting to the application and requesting that T9 is retained and not removed and I would therefore appreciate it if the tree can be indicated for retention on the submitted plan.

I have managed to get the application on September Committee on the basis that the tree is not being removed so would appreciate revised plans ASAP.

I will be writing to you separately to agree an EOT and regarding the provisional Tree Preservation Order which is being made.

I have been instructed to advise you that the EOT and agreement to retain the tree will be required before committee or the application will be pulled from the agenda

Thanks

Anita
