I refer to the application for change of use of property on the corner of Cudlow Avenue + Sea Lane to a restaurant.

I fully support the Cudlow Ave. freeholders assoc. in their protest to this development. The list of arguments against this change of use to a restaurant seem to me to be perfectly legitimate. I would also add that as a resident on Central Avenue I do fear the encroachment of traffic (possibly heavy) and parking on private roads will cause problems: nuisance and possible damage to privately maintained roads.

Yours faithfully,
