Subject: R/185/18/T Tree Application for Works to Tree(s) on trees subject to a Tree Preservation Order (TPO)

Dear Ms Easton

I have yet to hear from you about this application.

I received a letter on 29th August stating that:

The Council aims to make as many decisions as possible before the end of the statutory determination period, which in this case will be 8th October 2018. However, this is not always possible for a number of reasons, including on-going negotiations or the scheduling of the Development Control Committee.

We are past the 8th October. This application has been made once already and simply rejected because the tree specialist recommended less pruning than originally requested. This new application followed the recommended wording of the tree specialist and therefore should not be contentious. Furthermore no comments were received on the previous application and I doubt therefore whether any comments will have been received for this application.

Can you please advise me when I may receive approval to proceed? If I do not hear from you about a reasonable date for hearing the outcome I will take the matter further,

Yours sincerely,

David Johnson
