Dear Sir,

We are writing with regard to planning application for property 81 in Sea Ave, Rustington. Just learned that it does not apply to the property where your yellow notice is exhibited, have you checked this issue? We would make the following objections proposed.

- (1) The building seems to be impinging on building line.
- (2) This building is already a monstrosity. Was planning given for existing extensions.
- (3) A visit by a member of your team should visit before a meeting is held.

P.T.O.

(4) When are Builders Vehicles and heavy transport going to park if the application is accepted, a bottle neck will be caused without a doubt.

Yours faithfully
