Dear Mrs Grieves,

Further to the letter received from Karl Roberts dated 27th Sept 2012, I enclose as requested an original planning application form and three copies of same alongside a sketch of the area and trees on which the permission for works are requested as directed in the explanatory notes simultaneously provided.

I hope these provide adequate clarification regarding our current concerns against the background of the exceptional growing period resultant upon the recently increased rainfall which are particularly for the safety of the residents and properties of the estate for which the company has responsibility.

However, if there is lack of clarity please do not hesitate to call me on either [REDACTED]
