Dear Mrs Johnson,

Thankyou for your email and our subsequent conversation to clarify the drawings. I have checked again and both houses have the same orientation therefore elevations to both houses will be the same. However, you were right, the elevations labelled east and west were the wrong way around so this has now been corrected and revised.

I also attach the validation list as requested.

We would be grateful if you could now confirm by return the application is registered and validated. Many thanks

Kind regards

Colin
