Dear Sir/Madam,

ST. MARY'S CLOSE, HURST ROAD, RUSTINGTON. BN16 3AP

REFERENCE R/190/18/PL

The revised planning application to build 2 identical houses does not directly conflict with paras 5 and 6 of the Secretary of State's Appeal Decision APP/E3810/W/17/3182585 and we are therefore reconciled to the erection of 2 new houses.

The Appeal Decision (Para 5) stated "Hurst Road is characterized by a mixture of houses bungalows/chalet bungalows of varied designs that occupy quite spacious plots". This revised application clearly conflicts with this official observation/assessment and our acceptance of the compromise proposal of 2 new houses is accordingly conditional on the 2 new houses being of distinctively different design and orientation. Yours faithfully
