26th August 2013

For the Attention of Mrs D. Johnson

Dear Mrs Johnson

Regarding Planning Application Ref R/191/13/ Erection of fence to rear of the property, at 26 The Martlets, Rustington, West Sussex BN16 2TY.

I have received your letter dated 23rd August 2013 and note the contents.

Item 1

(Please see Lisa (owner))

The paper plan that I have included in my application are to a scale of 1:1250 as requested by your planning reception. It is a Ordnance Survey licensed document for our Post Code, but as The Martlets cover such a large area it does not show either Sea Road to the South or Holmes Lane to the North. You may recognise that it does show part of Mewsbrook Park and shows a section of the Lake, which is a permanent feature.

Item 2

1-8 meters

The preferred option regarding the height of the fence is that it should be ~~6~~ *1-8 meters* feet high for security reasons. but that it will be completely masked by the hedge planted on the outside as shown on the plan marked in Green within two years.

Please ignore any reference to a ~~6~~ *900* foot high fence as I can now see that it was causing confusion.

I hope that these explanations clarify my application and will allow you to process it to a decision in the near future.

Many Thanks

Kind regards
