Subject: Your ref R/194/18/L (Mrs D Johnson) Listed building consent 47 The Street Rustington (blue plaque) - additional documents as requested

Dear Mrs Johnson

In response to your email letter dated 5th October (attached) regarding the listed building consent application for a blue plaque at 47 The Street, Rustington, I now attach the three items requested, namely a site plan at a scale of 1:1250, a block plan at a scale of 1:500 and a Design and Access Statement. On the plans, the “development” (the location of the pillar where it is proposed to mount a blue plaque) is shown ringed in red and the boundary of the entire property is ringed in blue.

The original application (delivered to the Civic Centre on 24th August) was made in paper form, with three additional photocopies as requested. If you need to have the attached additional documents supplied in paper form also, please let me know and I will supply these.

I hope you will now be able to accept this formal application but if anything else needs to be submitted, please contact me.

Regards

Graham Lewis

Rustington Heritage Association committee member
