Dear Ms Stevens,

Thank you for your email. I have attached the consultation response. Please try to ignore the conversational nature.

"I have spent some time printing out their survey sheets – only to find that the first two sections going from T1 to T184 & G1 G2 are repeated – then I get T1 to T39 & G1 & G2 – then I get a batch of survey sheets that bear no numbering whatsoever in the left hand side of the sheets and they start with 'height' – NONE of these are labelled as to where on the site they are?

The original application mentions Brookenbee; Hutchinson; Cowdray & Watermead and I have printed out plans currently submitted for Cowdray; Hamilton & Summerlea?

The full site plan prints out as a blurred mess with the grey crownspreads obliterating the numbering!!

Overall I have wasted time on this and until they send it in clearly labelled with the relevant survey sheets clearly attached to a plan that bears the same numbering and can be cross referenced there is no way that I can determine this application!?!"

As is evident from his comments, the Arboriculturalist requires further information on the application in order to determine it.

I believe that the main source of confusion relates to the numbering system be repeated and not consecutive, please provide plans and schedules that clearly label the trees (as stated in the final sentence of the Arboricultural response.)

Please do not hesitate to contact me with any further questions.

Yours sincerely,

Z Denton

Good Morning Zac

I understand you are the correct person to advise me on the status of our application in respect of tree works – you will see below that Andrew Wood had informed me that a decision would be made 15th September latest but I understand from one of your colleagues that I spoke with on the telephone this morning that the decision is now due tomorrow. I would be grateful if you could contact me on the number below with an update as soon as possible,.

Many thanks
Tracy

Tracy,

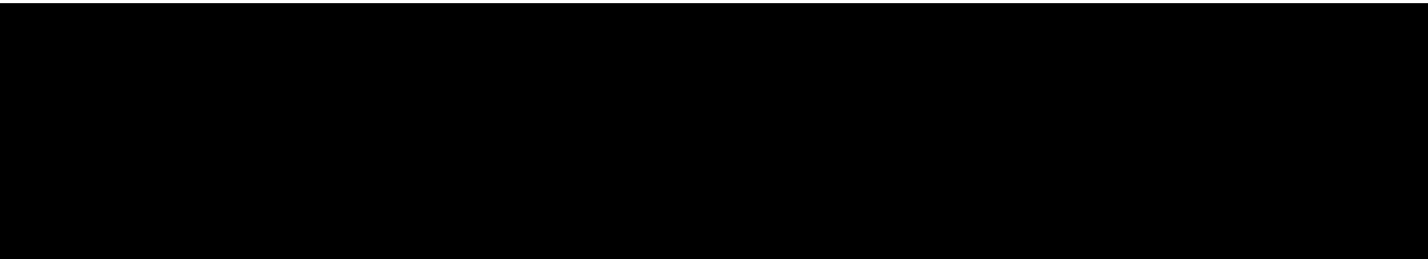

It's now down to the Councils Tree Officer to determine the health of the trees etc. before I comment on amenity and pull the report together. I am anticipating we should be able to make a decision by September 15th at the latest.

I will contact you if any issues arise.

Thank you,

Andrew Wood

p.s. Karen Garner has now very ably done her validation job and no longer needs to be copied in to any emails as the case now rests with myself.

Thank you Karen.

Andrew – are you able to provide an update?

Hi Tracy

The file is now valid and I registered it last week.

It has been passed to the planning officer, Andrew Wood to deal.

I would suggest it is likely he is waiting for the comments of our tree officer before he can write his report and issue any decision.

Please contact him in future regarding this application.

Many thanks,

Karen

Good Morning Karen

Are you able to provide an update on the above application?

Many thanks

Tracy Stevens
