Subject: Marshall Clark - TPO Application x4 Sites

Dear Tracey

Thank you very much for your attachments. I fully understand why you feel all the information has been submitted, the tree numbers and site plans correspond. It does need to be in a clear and legible format, as things stand this application ought to have been resubmitted as the format is simple a copy of a tree survey/risk assessment and the font size on the plans to identify the trees is too small.

However, due to the time that has elapsed and in an attempt to help you present the information I have spent a considerable amount of time picking out the work requirements that would be subject to an application and identified these on your plans. Please can you double check the information attached, confirming you are satisfied with it to myself and Juan Baeza who will then put this on the planning portal for the public to view.

Once your confirmation has been received I will send the files to our consultant who will hopefully be able make his comments asap.

Kind regards
Richard

Richard

Final Area.

Please can you could confirm as soon as possible if you now have the information you require in order to survey the works we have been trying to gain permission to carry out for 18 months.

Many thanks
Tracy
