Good Afternoon Zac

Many thanks for your email below – we have spoken with the tree surgeon who is advising us on this application and can confirm that we agree to the removal of the works detailed below. In due course we would request further information as to the objection to these works to assist us with any future applications.

Please advise of the next stage of this process and when we are likely to receive confirmation we can carry out works.

Kind regards
Tracy

Tracy Stevens

Dear Ms Stevens,

I have received Arboricultural comments regarding your application for works at various locations across the Poplars and Parklands Estates, Rustington.

The tree officer has objected to some of the work and therefore, they will not be approved. Please can you agree to the removal of the following works. This will allow you to perform the rest of works under this

application. You will have to resubmit for the works that have been removed from the application, whilst it is noted that advisories have been made, they require further information.

BROOKENBEE CLOSE.

Please confirm that works to T16, T22, T23, T24, T26, T39 and T1 will no longer form part of the application, and will therefore require resubmission.

HUTCHINSON CLOSE/SUMMERLEY CLOSE/ FOXES CLOSE

Please confirm that works to T5, T44, T141 and T160 will no longer form part of the application, and will therefore require resubmission.

PARKLANDS/COWDRAY DRIVE

Please confirm that works to T6, T7, T11, T16, T34, T55 and T58 will no longer form part of the application, and will therefore require resubmission.

WATERSMEAD DRIVE

Please confirm that works to T4, T6, T7, T11, T12 and T14 will no longer form part of the application, and will therefore require resubmission.

Please do not hesitate to contact me with any further queries.

Yours sincerely,

Z Denton
