Richard

I believe we now have everything to get a report done. Please ensure that all documents appear on the web site.

Thanks

Hello Juan

Hope you are well in reply to your request today please see response to the questions you asked that were sent to Richard already on the 21st October

Please can you acknowledge receipt of this

Kind Regards

Craig

Hi Richard,

please see attached responses to environmental health's questions. Also included is the owner's architect drawings of the building which includes the floor plan that matches ours proving the ordinance survey map is slightly wrong. Other attachments include a picture of the cooling unit and specs of a similar unit to show environmental health how we intend on cooling our cold store.

And to confirm via our conversation regarding the objections from Mrs Hooper from the parish council about another business being run from the premise are completely false. please feel free to contact myself or the landlord of 106 the Street.

Kind regards,
Craig

Dear Mr Stocker,

Following an assesment of your site location plan, the red line does not appear to match the footprint of the premises floor plans as submitted. There appears to be a rear projecting element that does not appear to have been included in the redline plans (site location etc.). Please could you take a look at this matter and update the plans accordingly.

I look forward to hearing from you in writing, regarding the above matters. Additionally should amended plans be required could they be forwarded to [REDACTED] as well as [REDACTED] in order that any plans can be uploaded to the web whilst I am on leave.

Should you have any issues with the above matters I am not on leave until the 23rd October and can be contacted.

Yours sincerely

Richard Castro-Parker

Good afternoon Richard,

I hope you are well. I believe you are looking after our application for a change of use at 106 The Street. My name is Craig Stocker i own the company looking to open a branch in Rustington.

I've been speaking with the Parish council today Peter Warren was the contact, he has informed me that they will be raising an objection to the application. They will not however, discuss with me over the phone as to which of the criterias this objection will fall into or why at this stage. Would it be possible to have a discussion with you over the telephone or face to face with regards to where this puts us in terms of their influence on the final decision with the application? i have a couple of questions if thats ok.

Kind regards

Craig
