☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

- 1) To construct a new front door entrance replacing an existing window on the front elevation of the house.
- 2) To construct a new block paving hardstanding area utilising the whole front garden with cut-off drainage channel fed to a new soakaway

If Yes, please give a full description of the scale and nature of the proposed use, including the processes to be carried out, any machinery to be installed and the hours the proposed use will be carried out

The front garden will become an off street parking area accessed via a new dropped kerb

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The new front door does not alter the layout of the dwelling house nor extend it. The door will satisfy all fire and Thermal Insulation requirements and will be constructed by a Contractor on the Competent Persons Scheme

The new hardstanding area is contained within the existing front garden and will have cut off drainage to prevent runoff to the highway and a dropped kerb approved by WSCC
