Dear Karen,

Thank you for your email. I can confirm that I am happy with your new description of development for this case.

However, I am still of the opinion that the unit will be Class A1. I would point you to Page 326 of the Land Use Gazetteer which states that a Portrait Studio is A1 where retail sales of good is to visiting members of the public. Although the majority of the unit will be taken over by the portrait studio to the rear, members of the public will be able to purchase items both as a result of using the studio in addition to selling items where use of the studio is not required, such as frames and other accessories. This is therefore why I am of the opinion that the use is A1.

Please let me know if you have any further queries,

Kind regards

Peter French

Dear Mr French,

Thank you for the checklists. I apologise for my error in the description.

I have consulted the East team leader for planning who has advised me of the description to use for this application.

“Retention of use of Unit 5C as a photographic studio with sales area”. Please confirm your acceptance by return of email.

We are not specifying a use class as the National Land Gazetteer lists a Photographic Studio with Retail Sales as Sui Generis, not Class A1.

I will register the application on return of your acceptance of the new description.

Kind regards,

Karen Garner.

Dear Karen,

Following our conversation earlier, please find attached a completed biodiversity checklist along with a local validation checklist.

In addition, I can confirm that there will be no operational development to the external building.

Finally, I note your description of development, but believe that this is incorrect. The current building has a D2 use, and we are proposing a change to A1 with ancillary photographic studio. Whereas your description states that the change is from 'Sui Generis' to Class 'A1'. Please can you correct this?

I trust this now enables you to validate the application, but if you have any queries in the meantime, please do not hesitate to contact me.

Kind regards,

Peter French
