TREE REPORT

Re: 3 horse chestnuts.

The 3 horse chestnuts are situated along the front boundary of the property on a shared driveway, the trees canopy spans over the pavement and main road. Although healthy, the trees have been pruned in recent years and as a result put on vast amounts of growth.

my client would like to seek permission for a 1.5 meter reduction and 10% thinning as a course of maintenance and reducing the potential hazard of falling debris and failing limbs in the busy location.

This is a visual report on the trees current situation; I accept no responsibility for the trees.

Regards,

Nick Wilson.
