Subject: Woodbine Cottage - Planning Ref R/93/20/HH

Hello Zac,

Following discussions with Robert Syred I attach 10 pages relating to the reserved details for the above Woodbine Cottage.

The 1st 3 pages are the 3 page application form.

Other than the change from a 4 piece door to a 3 piece bi-fold door on the North Elevation, the details are as the original planning application. This change has been proposed by the manufacturer to suit the width of the opening and is their recommended offer.

I have summarised the materials for the windows, doors and rooflight on the summary sheet which is after the 3 page application form. The other sheets detail the items intended for use.

I could not find any details of a fee for this form.

If you require any further detail please let me know.

Regards, Tony McGregor
