Name: Mrs Kathleen Anne Fenlon

Address: 5 Glenville Road, BN16 2DU

Occupation: Mathematics teacher, West Sussex County Council.
(14 years as Assistant Head of Maths Faculty, Boundstone C.C.)

I have lived at the above address for the last 23 years. I can confirm that there has always been a high wooden fence, of about 2 metres height, running along the boundary of the land where Mr and Mrs Smith's bungalow was built in 1986. If I remember correctly, the old original fence was backed by an overgrown hedge and trees.
Certainly, in 1986, when Mr and Mrs Smith took up residence, the Glenville Road boundary consisted of 2 metre high wooden fencing panels. These panels have been present, and well maintained, for the last 20 years.

My family, including my mother and brother took up residence at Vereecroft 19, Glenville Road Rustington in 1941.; the property was sold in 1990.

I can say that as far as I remember there has always been a high wooden fence running along the Glenville Road property opposite and in early years it was backed by tall trees and an overhanging hedge.

In 1936 Mr and Mrs G.H. Smith became the occupiers of the property I know as 2A Amberley Road.

Certainly I remember that at that time the boundary on Glenville Road consisted of 2 metre high wooden fencing erected by the builder.

I have been a regular visitor to the bungalow owned by Mr and Mrs Smith at Greasley Cottage 2a Amberley Road, Rustington, Littlehampton, West Sussex, BN16 2EE since they purchased the bungalow in 1986 from Cranford Developments.

I can say that since 1986 the northern boundary of the property which runs along Glenville Road has consisted of 2 metre high wooden fence panels. The fencing is of good quality; it is regularly maintained and preserved.
