Dear Nicky

I thought I would forward this e mail to you for ease. I have left you a voicemail anyway because I dont really understand it.

The letter is entitled application to works to trees with a TPO . Mine dont have a TPO in the front or back garden. They are also only about 8 ft tall.

I am sure I clarified what was to be done but please would you get back to me so that I do this properly. By all means tell me what kind of wording you want. Basically there are a couple of points. Firstly we are having the drive way taken up because we are having a soil pipe and a new water pipe and new drain put in. Secondly we can only drive out of our drive way back wards on to the main road because there is no proper turning for the cars. This means its dangerous everytime we reverse on to the main road. More than happy if you wish to visit.

I look forward to hearing from you. It would be easier if you speak to me please otherwise we may be exchanging emails toing and froing.

With Thanks

Paula
