Dear Duan,

Thank you for your e-mail.

My apologies for not being clear on the description of a tree in the above application. The tree shown on the map as a May is the same tree as the that described as a Hawthorn in the application.

~~Hawthorn This tree needs the dead ivy wood removed and a removing an easterly limb measuring 1 to 2 metres.~~

Maple Tree For the Maple Tree I would prefer to give a heavy trim which would involve on average 2 to 3 metres all the way round.

Please get back to me if this is not clear.

David Johnson
