Hi David

Thank you for your call just now, that was really helpful.

As discussed, due to the fact that, having checked properly with our neighbours on the right, the back extension over our flat roof was going to block too much of their sky view from their kitchen/dining patio doors, we would like to withdraw the current application for Woodlands, Stonefields, Rustington, West Sussex, BN16 3BY reference: R/241/14/HH

We are going to work on putting together a different design that will fall well within the application we made as we are looking to have a balcony on part of the flat roof instead of the extension. We are also looking to get a skylight in the flat roof which is likely to be above 200mm in depth which I understand would also have need to be included in the planning. Plus, although I appreciate we do not need planning for change of doors from double to single at the back of the house and larger windows, it would still make sense to ensure it is all in place in the final drawings we resubmit.

As discussed, we should then be eligible for this resubmission to be free as we have not applied for a resubmission on this one before and it will be for less than the original application.

Once again, many thanks for your help.

Kind regards

Katharine Rose
