Hi Nicky

Following a desktop review of Mr Hynams tree work application, I am satisfied that on this occasion the written advice of an arboricultural expert is not required to validate the same. The detailed work specification provided suggest a reasonable and uncontroversial set of proposals, which I should be able to determine for myself without having to rely on any 3rd party investigations.

I will contact the applicant in advance of my site assessment so he has the opportunity to discuss any queries he may have with the existing TPO.

Regards,

Mark
