Dear Mr Sullivan

It has come to our attention that on Question 11 of the above planning application form, in response to the question 'Are you proposing to connect to the existing drainage system?' we answered 'No'.

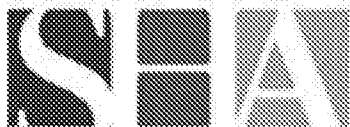

Just for clarification, we do wish to remain connected with the new WC blocks to each unit and this may require works to the foul drainage system – any works required will be undertaken fully within the demise of Unit B.

I trust this is all in order, however, should you have any queries or require any further information then please do not hesitate to contact me.

Regards

Steven
