Subject: Planning Application R/257/13 Paws Play Stay

Dear Ms Gardner

Having only just seen the Planning Application Notice over the road from where I work (I'm sure it's only just gone up) for the above Unit and am writing to oppose the application.

I and my colleagues have to work next door to the unit and the noise from the dogs is at times unbearable. Sometimes a dog will bark all day non stop, whilst at others all the dogs will set off a barking chorus of unbelievable volume.

Unless they can soundproof the premises sufficiently, I would like to oppose the application, as it's extremely disruptive to my work and general wellbeing.

Yours sincerely

Christopher Penny
