Dear Mr Chalk

Following on from our amended plans, the applications description should be altered to:
'Erection of single storey rear/side extension with skylight, ballast weighted solar PV panels at 10 degree pitch and replace existing front door with window, following the completion of new rear extension.'

We hope you will find this satisfactory.

Kind regards

John Hammond & Sharon Veaney

Hello Sharon,

Yes if you wouldn't mind that would be very helpful, thank you.

Kind regards,

Harry

Hello Harry

Thank you for your email and explaining the side/rear factor, sorry for the confusion.

Do you want me to send a separate email with the new description?

Regards

Sharon Veaney

Hello Sharon,

Apologies for not specifying the front door to be existing. However, due to the proposed extension, although sitting at the rear of the property, projecting further than the principle side elevation of the property at the North-western elevation. The extension is deemed to be a side/rear extension as it does extend the property to the side, all be it from beyond the rear elevation. For the avoidance of inaccuracy within the description, would this description be agreeable?

'Erection of single storey rear/side extension with skylight, ballast weighted solar PV panels at 10 degree pitch and replace existing front door with window, following the completion of new rear extension.'

Kind regards,

Harry

Hello Mr & Ms John & Sharon Hammond/Veaney,

We have received your amended plans regarding the solar panel support and are happy to incorporate the revised plans in the application. We do require that the description of the application be amended however, to include and make reference to the solar panels. Therefore, we invite you, if agreeable, to reply with **explicit written confirmation of approval** of the applications description to be altered to include them as soon as possible. It would read as follows:

'Erection of single storey side/rear extension with skylight, ballast weighted solar PV panels at 10 degree pitch and replace front door with window following the demolition of existing rear extension.'

Kind regards,

Harry Chalk
