Harry,

I can confirm that the roof of the Car Port will match the tiles on the existing house which are a concrete plan tile in antique red.

I am happy for the description of the rear extension to be changed to first floor extension at the rear of the property.

Thanks

Simon James
Alltoplan

Hi Simon,

Just a quick one before I go away on annual leave at midday today, I am under the impression the car port roof will consist of grey tiling similar to that of the car port a few houses down. The plans and application form do not give explicit indication as to the materials for the roof further than that of tiling. Could I just get you to confirm the proposed tiling for the car port roof?

Could I also ask for the description to be amended. As it stands the description reads 'proposed 2nd floor...' As far as I am aware his proposal is for a first floor rear extension (2nd storey) not a 2nd floor. If agreeable, could I confirm your approval for the description to be amended to reflect the proposed first floor extension accurately?

Kind regards,

Harry

Harry,

Thank you for the update.

Simon

Hi Simon,

Just to update you, we have concluded the impacts of the car port on sightlines down the street will not be of significant harm. I will be aiming to process the full application today/tomorrow before I go on annual leave until 19-04-22. If I require any further correspondence with you I will be in touch. Thanks for your help.

Kind regards,

Harry
