Dear Sir or Madam

Ref. Planning R/267/17/PL

We are writing to make a formal complaint against the proposed development in Rustington Hall.

We were advised it would be a 2 storey residential block at the back of our gardens.

After attending the meeting and viewing the plans, we were quite shocked to see the height of the roof which is very high with side wings.

This is going to have a massive impact on our privacy, sunlight

and general outlook.

As mentioned in my previous correspondence, my husband has terminal cancer and sleeps a lot in the back bedroom. He has regular nursing staff visiting and his privacy will be greatly affected.

I understand developments have to happen, but would really appreciate it if the roof area and height of this building could be changed.

Yours faithfully
