Dear Development Control,

Planning appeal Ref no: R/267/17/PL Nursing Home Station Road Rustington,

We are appealing against planning for these flats, we live at 1 Paddock Green, moved in February 2017. The flats will overlook back of our garden and cast a shadow over back of house. The roof is far too high we were told it was just going to be used as storage as. We fill this will become a third floor in time? Also at night the buildings that are there now are or light up which causes light going through back bedrooms that will be worse if new build goes ahead. We bought this house because one of the main selling points it wasn't overlooked. We fill that once built we will be overlooked.

Sincerely,

Mr R Adams and Mrs D Adams.
