Zac

Planning reference: R/274/18/T

I visited site on 12th December 2018, to assess this tree and the application for work. The branch reduction work sought had already been undertaken.

On returning to the office and undertaking a desktop review of the sole Tree Preservation Order which affects this plot (TPO/R/1/96 – 3/85/97), it appears that the horse chestnut is not included in the Order.

If my assessment is correct, then our consent to carry out any work to this tree is not required. For the record, I do not believe this tree to be worthy of inclusion in any Order.

My recommendation is that the applicant be advised to proceed without further recourse to this Authority.

Regards,

Mark
