Dear Mrs van de Poll,

Your agent is referring to a prospective decision notice. The current estimated decision date is the 24th of January 2019.

Please do not hesitate to contact me with any further enquires.

Kind regards,

Z Denton

Dear Mr Denton,

Re: Ref. R/280/18/HH

We have been trying to obtain the building documents from our architect but he won't send them to us until he has received a 'validation letter'.

According to the planning app website, our plans were validated on the 29th Nov 2018. Is this the 'validation' to which he is referring? And, if so, why hasn't he received said letter?

It's not helped by the fact that he's been getting us muddled with someone in Adur - so we don't know whether this is the reason behind his slowness in delivering.

I did provide him with the reference to our planning app so he could see see for himself but that obviously wasn't sufficient.

Yours Faithfully

Jacqueline van de Poll (Mrs)
