Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 39

Application No: R/29/22/CLP
Site Address: Amberley Road Rustington BN16 2EE
Description of works: Lawful development certificate for the proposed installation of traffic calming measures by means of an automated gate, 2 No speed humps at north end of road.

Thank you for your internet representation made on 24th March 2022 which has been recorded as support with the comments as follows:

OWPC45544

I have read all the objections to this proposal (all apparently from people who don't live in Amberley Road) and it is clear that every single objector has missed the fundamental point that they will still be able to use Amberley Road once the gate has been installed. All they will have to do is get out of their car and press a button which will take a few seconds. Alternatively they can leave via Sutton Avenue or Glenville Road.

Objectors either totally ignore the safety aspect or wilfully misinterpret it. They put a minor inconvenience to themselves ahead of potentially life threatening injuries to pedestrians. If objectors take the trouble to read the full application they will see that extensive research has been undertaken and in addition residents who actually live in Amberley Road have provided plenty of examples of dangerous driving and near accidents from their own personal experience. A gate makes an accident less likely to happen.

Objectors pretend that the emergency services will be inconvenienced when all the emergency services have been consulted and have raised no objections whatsoever to a gate being installed.

As has been made abundantly clear this proposal does not stop non-residents using Amberley Road it simply forces drivers to act responsibly.

Your views as made above will be considered before the application is determined.
