Dear Miss Eggington,

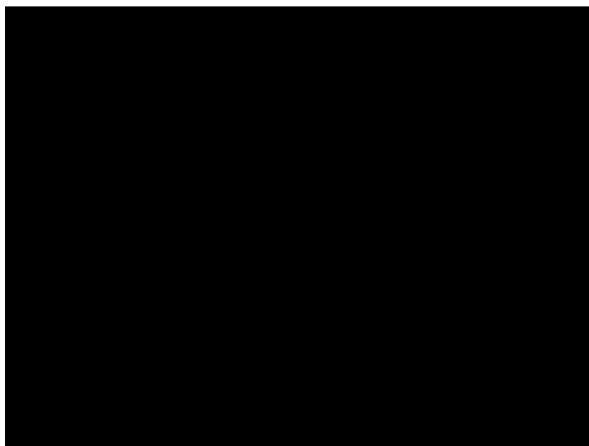

Please find attached revised Existing Plans and Elevations drawings. Can these please supersede their previous versions.

We feel there is no need for a Flood Risk Assessment due to the build site being located well away from the Flood Zone 2 area as shown on the .gov website. Flood zone 2 is only just present to the South West boundary of the address and will in no way effect the build area. Therefore we hope that the application can now be validated at your earliest convenience.

Kind regards,

Kathryn

Kathryn Welch
Architectural Designer
