Dear resident,

Our Ref 2491695

Overgrown Vegetation

During a recent highway inspection it was noticed that vegetation appearing to be coming from this property is obstructing a sign on the public highway. I have enclosed a photo showing the issue.

Please could you be so kind as to have it trimmed back so that this sign is no longer obstructed?

If you are unable to do this or you feel this does not apply to you please email me back using the address below.

Thank you in advance,

[REDACTED]
