Dear Sir/Madame

Re: Planning Application Ref R/306/18/PL

Regarding the above, we are concerned about access to the site.

The shared drive to the property measures 9ft at its narrowest, an alternative could be made via the front of the property from Sea Avenue, perhaps by the installation of temporary tracking on the Greensward

This could also be used as parking for the tradesmen avoiding congestion and inconvenience to the residents of the Thatchway
